Advanced Rope Access (ARA) Limited occupational health and safety management system is registered to standard ISO45001:2018 through a UKAS accredited company and as Managing Director I am committed to the following:

- Continual improvement of occupational health and safety performance
- Provision of systems of work that are as far as is reasonably practicable safe and without risks to health
- Risk assessment of all work activities
- Making arrangements, as far as is reasonably practicable for safety and prevention of risks to health in connection with the use, handling, storage, and transport of substances used in occupation
- Providing information, instruction, training and supervision as is necessary as far as is reasonably practicable for the health and safety at work of employees
- Prevention of injuries and occupational ill-health
- Continual improvement of health and safety performance through the setting of SMART objectives and targets
- Provision of suitable and sufficient resources to meet company health and safety objectives
- Comply with current applicable industry (IRATA) standards and health and safety legislation
- Promote safe behaviours and the re-educate unsafe behaviours

All employees will:

- take reasonable care for their own health and safety, together with that of persons, at their places of work
- Co-operate to enable duties laid on the employer to be performed or complied with
- Not misuse or disregard apparatus provided in the interests of health and safety
- Use properly all equipment provided by the company to ensure that others on site do likewise and to report defects to supervisors

As Managing Director I have overall responsibility for the successful implementation of this policy and will review the policy on an annual basis as a minimum.

This policy shall be consulted and communicated at all levels throughout the Company and be available to the public and other interested parties using appropriate media as appropriate.
